

**School of Sport Education NT and School Sport Australia
Codes of Conduct and General Expectations**

**If a student fails to adhere to these Codes of Conduct or meet general expectations
the four strike rule will apply**

There is a four strike rule we work by:

1. The student and parents will be spoken to by a team official.
2. The student and parents will be spoken to again by a team official.
3. It will be put in writing to the student and parents with the consequences outlined.
4. The final correspondence will advise the student and parents of their removal from the team.

A serious breach of conduct may result in immediate return home from any event, interstate or intrastate.
